Celebration of successes – 2022/2023

Dear Parents

We are all so incredibly proud of the children here at Sinclair Primary and what they have achieved this academic year. With the support of the parents, governors and the wider school community, we have worked together to develop our children into architects of a better world.

The children have really outperformed themselves again this year, exceeding national expectations in all areas. This is particularly evident in KS2 writing where the children achieved **12%** above the national average for working at. It was also the writing in KS1 where the children achieved **20%** above the Local Authority average for working at, which they should be really proud of. Other highlights include the KS2 SATs results in reading where our children recorded **13%** higher than nationals for working at and **10%** working at greater depth higher than nationals in writing.

We are especially proud of being able to close the gap for our disadvantaged children, compared to non-disadvantaged, as we are very passionate about every child being given the best possible starting points for their secondary education.

We hope that the dedication, compassion and achievements of these children will inspire future cohorts to push themselves to aspire to be the best that they can possibly be.

Yours sincerely

Mrs Montague
Executive Headteacher
